Trouble Sleeping

The Perishers

I'm having trouble sleeping
You're jumping in my bed
Twisting in my head
Leave me

I'm having trouble breathing
You're sitting on my chest
I sure could use the rest
Leave me

It's you
Why's it always you and never me?
I've never dared to let my feelings free
Why's it always you and never me?
I've never cared too much about honesty

I'm having trouble sleeping
I'm thinking of what you said
About the tears been shed
Leave me

It's you
Now and always you but never me
I've never dared to let my feelings free
Why's it always you and never me?
I've never cared too much about honesty
