

She Got Mine

[Eric Bibb](#)

This old world is rockin' and a reelin'
Trouble everywhere
Famine, floods and rumors of war
Flyin' through the warBuildin' a new home
Come one day
A good woman by my side
I'm glad I can sayI've got her love, she got mine
... she got mineStone by stone
Make a solid foundation
Takes happy homes
To make a happy nationOn a rock of ages
Build a strongly find
Put a light in the window
Let it shineI've got her love, she got mine
... she got mineWe got to raise these children
In a righteous way
Spare the rod and teach 'em love
Every dayTurn off the TV set
Read out loud
Cook dinner together
Make grandma proudI've got her love, she got mine
... she got mineLook into a new world
Come one day
Good woman by my side
I can sayI've got her love, she got mine
... she got mine
