

My Heart Bleeds Melody

[Emika](#)

I fled to the ocean,
broken.

As my heart bleeds melody.

I see the horizon,
one line.

As my heart bleeds melody. As my heart bleeds melody.

As my heart bleeds melody. Things got so out of control,
killed by desire.

Now my heart bleeds melody.

I love life,
too much.

How much,
can we feel?

As my heart bleeds melody. Now forever,
the storms in heaven,
are raining.

Now forever,
the storms in heaven,
are raining.

As my heart leeds melody.
