

# Somewhere Else

Bebel Gilberto

Follow your dreams  
just be careful not to lose your dreams  
'cause then you might trip, flop, drop  
so then you can go somewhere else,  
somewhere else, somewhere else. Follow your heart  
listen to the birds, look at the moon  
meanwhile you take a long, long walk  
so then you can fly somewhere else,  
somewhere else, somewhere else. somewhere else (7A—)  
Vem, olha ali, passarinho pousou pra te ver  
e mostrar o que poderia ser,  
um lindo novo dia pra gente se amar, se amar.  
Vem olha aqui, deixe iluminar seu cora  o  
pra sentir uma nova emo  o  
so then you fly somewhere else  
somewhere else, somewhere else.  
somewhere else (7A—)  
Somewhere else, you can go somewhere else  
you can go, you can go, you can go  
you can go somewhere else  
you can go, you can go  
Close your eyes now, think about all the good things around  
so you can dance forever now,  
so you can fly somewhere else, somewhere else, somewhere else.  
Follow your heart  
listen to the birds, look at the moon  
meanwhile you take a long, long walk  
so then you can go somewhere else, somewhere else, somewhere else.  
You can go somewhere else  
Somewhere else (16A—)  
You can go, you can go  
you can go somewhere else  
somewhere else.
