Crops

Cable35

The fire, the water, the killer that killed Maryjane
The fire, the water, the killer that killed MaryjaneLast time, you better restart
Last time, you better restartThe fire, the water, the killer that killed Maryjane
The fire, the water, the killer that killed Maryjane
The riot, the order, the lawyer that chained MaryjaneLast time, you better restart
Last time, you better restartNow it's getting darker, and now I'm going blind
It's a lost connection somewhere in mind
It's a lost connection, there's no optionLast time, you better restart
Last time, you better restart
Last time, you better restart
Last time, you better restartThe fire, the water, the killer that killed Maryjane
The fire, the water, the killer that killed Maryjane
