

Perfect Day

Danny Wooten & Southern Slang

Baby you never called me darlinâ€™
You didnâ€™t even know my name
And I guess you caught me starinâ€™
But you turned and looked away
Well Iâ€™ve known you since the first grade
All the way up through high school
And I never got the nerve up
I kinda shied away from you

Yeah the times gone by and chance slipped away
Well, I woke up and it hit me today

That I wanna love you, See the look in my eyes
We couldâ€™ve danced this night away
How I miss you wanna kiss you for the rest of my life
This could be a perfect day.

Mailman brought me a letter
From old friends that I once knew
Reunion invitation, a memory from high school
Well our eyes met across the ball room,
You got up and walked my way
And you asked me for the first dance
And I got the chance to say

Yeah the times gone by and chance slipped away
Well, I woke up and it hit me today

That I wanna love you, See the look in my eyes
We couldâ€™ve danced this night away
How I miss you wanna kiss you for the rest of my life
This could be a perfect day.
