

# Three Lions '98

## David Baddiel

The crosses of St George are flying all around me.  
Gareth Southgate the whole of England is with you  
    Oh it's saved, saved, saved!We still believe  
        We still believe  
    We still believeIt's coming home, it's coming home,  
        It's coming football's coming home  
        It's coming home, it's coming home  
It's coming football's coming homeTears for heroes dressed in grey.  
    No plans for final day.  
    Stay in bed, drift away  
    It could have been all  
        Songs in the street  
        it was nearly complete  
        it was nearly so sweet  
        and now I'm singing  
        Three lions on a shirt,  
        Jules Rimet still gleaming  
        No more years of hurt  
No more need for dreamingTalk about football coming home  
    And then one night in Rome...  
    We were strong, we had grown-  
    And now I see Ince ready for war,  
        Gazza good as before,  
        Shearer certain to score  
    and Psycho screamingThree lions on a shirt,  
        Jules Rimet still gleaming,  
        No more years of hurt  
        No more need for dreaming  
        (Beautiful football by England,  
        Gazza oh that is majestic,  
        Alan Shearer,  
        Italy nil  
England nil and we're there in France 1998We can dance Nobby's dance  
    we could dance it in France!It's coming home, it's coming home  
It's coming football's coming homeIt's coming home, it's coming home  
It's coming football's coming homeIt's coming home, it's coming home  
It's coming football's coming homeIt's coming home, it's coming home  
    It's coming football's coming homeThree lions on a shirt  
        Jules Rimet still gleaming

No more years of hurt

No more need for dreamingThree lions on a shirt

Jules Rimet still gleaming

No more years of hurt

No more need for dreamingThree lions on a shirt

Jules Rimet still gleaming

No more years of hurt

No more need for dreaming
