Temporary View (feat Sampha)

SBTRKT

I see the ones that call it
Tears are bathing from your eyes
I see the rainbow and the darkness at the same time
I guess that's what you call is life
And you could enter mine, when you can't imagine anyone else
Oh, imaginary stairs, I'm out here at the edge
I know it's just aTemporary view here
Won't you help me?
And invite your light
To wake my desire
I needed something new
Won't you help me?
And invite your light
To wake my desireSee, when I see a movie and my mind's a'ite
Staring through the keyhole just to catch some sunlight
Start the flicker, take the picture,
yeah I'm layin' with you
And why would I want to be in anywhere else
Oh, imaginary stairs, I'm out here at the edge
I know it's just aTemporary view here
Won't you help me?
And invite your light
To wake my desire
I needed something new
Won't you help me?
And invite your light
To wake my desireI feel you falling into my arms
Scrawling out my skin
Won't you invite you light
To wake my desire
I'm feeling shot down here
Won't you help me?
And invite your light
To wake my desire
And always just aTemporary view
And invite your light
To wake my desire
I needed something new
Won't you help me?

And invite your light
To wake my desireI said I'm spining, I'm living, I'm having broad vision
I wonder if you could vision it
Sometimes you just need an escape
I understand that's why you have to fly away
Spin, I'm livin', I'm having blurred on blurred vision
I know that's why you had to live it
