Awful Thing

Cee-Lo

I ain't leaving, I ain't leaving
Came to put the god in your body this evening
You can't run, you can't hide
Buckle in and enjoy the ride
For beyond all space and time
Jump on in y'all we wastin' time
You can't hang it's an awful thing
Such an awful thingIt's okay, it's alright
We came to put the boogie in your body tonight
Don't be scared, don't be scared
Just grab my hand and hold on tight
I'll be the light that'll guide you there
You probably hate me, but I hardly care
'Cause if you can't hang it's an awful thing
An awful thing, come on y'allI said a sham a lama, shama a lama ding dong
You put the umm, whaw, whaw
Back into my smile, child
That is why, that is why, you are my sugar didi dip girl
If you can't hang, awful thing
Awful thingHey, everybody have some fun tonight
You got to give the groove a chance
Don't hesitate the time won't wait
You might not have tomorrow to danceNow get up, and get down
I didn't come this far to be fuckin' around
Hey you and you too
Why you over there acting shy?
Have a hit and let me get you high
Let this feeling pass you by
If you can't hang it's an awful thing
An awful thingSham a lama, shama a lama ding dong
You put the umm, whaw, whaw
Back into my smile child
That is why, that is why, you are my sugar didi dip girl
If you can't hang, awful thing
An awful thing
