

Ticket Back to Georgia

Head East

How much is a ticket back to Georgia
Time for me to fetch a home
Headin' back down a railroad track of memory
Find that girl I left there all alone I've been tryin' to find some rhyme or reason
And I've been cryin' for awhile
But it just seems like it's open season
But I know where I can find a smile Chorus After all this time I get to thinkin'
That things at home are still the same
Cause I've been gone so long I just can't take it
I wonder if they still recall my name Chorus Chorus How much is a ticket back to Georgia
(Repeats several times and fades)
