Keep Dancin

Madcap

Well, tonight there's gonna be trouble all around
From the midtown lights to the lifeless towns
Yeah, tonight we're gonna rock, we're gonna rollWell, I don't wanna hear it, you're coming with me
You got nothing to do and nowhere you gotta be
'Cause tonight nothing gets in our wayWell, I don't wanna hear about bills to pay
No I don't wanna hear about that
'Cause when the radio is on and the music is playingI just wanna keep on dancin'
Keep dancin', keep dancin' tonightMove it girlWell, it's getting kinda late doesn't work for me
'Cause tonight is gonna burn for the world to see
Yeah, tonight we're gonna rock, we're gonna rollWell, I'm tired of the backs tab, I'm tired of the scene
If there's something to be said, well, then you say it to me
'Cause tonight nothing gets in my wayWell, the devil's gonna end up looking like a saint
'Cause stop ain't the word to be said
'Cause when the radio is on and the music's playingI just wanna keep on dancin'
Keep dancin', keep dancin' tonightLet's go, girlWell, I don't wanna hear about work today
No I don't wanna hear about that
'Cause when the DJs on and the music's pumpingI just wanna keep on dancin'
Keep dancin', keep dancin' tonightLet's goKeep on dancin'
Keep on dancin'
