

Happy the Man

Una

Packing his things to go home
6 hours to call his own
gotta get off of that phone
6 oâ€™clock come and he gone

pushing that button, 15 floor drop
stepping out, to the parking lot

heâ€™s thinking about her, while he drives in one place
he canâ€™t wait to see her heavenly face

he picked a flower for her, yellow and white
it smelled like heaven, felt like sunlight
maybe sheâ€™ll put it safely somewhere
he hopes sheâ€™ll wear it, in her long hair

He canâ€™t wait to go home to see her face
he will kiss her lips amidst a warm embrace
he thinks he loves her, forever and ever
he hopes sheâ€™ll love him forever and ever

He is so happy, happy and light
heâ€™s putting on wings, about to take flight
he thinks he loves her, forever and ever
he hopes sheâ€™ll love him forever and ever

(break)

He is so happy, happy and light
heâ€™s putting on wings, about to take flight
he thinks he loves her, forever and ever
he hopes sheâ€™ll love him forever and ever
