Goodbye

Scheer

I don't want to leave you,
Our time can't be over,
All my dreams, see them die,
As I kiss you,
Goodbye., goodbye, goodbye.This house has too many,
Ghosts and haunting memories,
All the angels they cried when I kisses you,
Goodbye, goodbye, goodbye.And with your head in my hands,
I can't stop you falling,
And with my kiss on your face I have,
Softly kissed you,
Goodbye,
Kissed you goodbye,
Goodbye, goodbye, goodbye, goodbye.And with our hands in my hands,
I will watch you falling,
And with my lips on your lips,
I have softly kissed you,
Goodbye,
Kissed you goodbye,
Goodbye, goodbye, goodbye, goodbye.
