

# Let Loose

Anna F.

How can you give me all you want  
Why you're asking me to choose between the music and relationship  
You had me every second but you couldn't see that, you were so blind  
All I need is to go back in time when shared every second with me baby  
I need you, I need you to be near me, be by my side  
And nothing can disturb us, no one can't stand between us  
I love you, I love you with all your flaws though you broke my heart  
Nothing will matter to me  
If I ever lose you  
How could you think that my love to you was not good enough  
I used to be strong but then you left me broken with tears on my eyes  
And I cried almost every night before I fall asleep  
Look what you're doing to me, I never lied to you but you won't believe.  
I need you, I need you to be near me, be by my side  
And nothing can disturb us, no one can't stand between us  
I love you, I love you with all your flaws though you broke my heart  
Nothing will matter to me  
If I ever lose you
