

# Let the Veil Down

Judy Jacobs

Behold, hanging before you  
Is the sacrifice of God  
The Lamb pure and holy  
Creation stands in awe  
Removing all that hinders  
for worship of our King  
As He cries it is finished  
Heaven sings

Let the veil down  
Let the praise go up  
Let the veil down  
Let the praise go up  
Let the veil down  
We're the presence of the Lord (repeat)

We come before You  
With a sacrifice of praise  
I'm singing a song  
Here in this holy place  
The Lamb of God  
We raise

For the One who stood reminding  
Us of all our sins  
He has been torn away  
And now we can go in  
(we can enter in)

Let the veil down  
Let the praise go up  
Let the veil down  
Let the praise go up  
Let the veil down  
We're the presence of the Lord (repeat)  
(We're in His presence)

Let the veil down  
Let the praise go up  
Let the veil down

Let the praise go up  
Let the veil down  
We're the presence of the Lord (repeat)  
(The presence of the Lord)
