Sunset Blvd

Lorelei Carlson

Lyrics :)

I picked you up on sunset

You hid behind your ciggarete,

The world was rich and drunk and closed,

But you and I were so composed.

Too bad I'll never get to see you grow o-o-old

But here we are...

Quite untold...

And everything just flows, o-oh.

Like a mid summer's light breeze blows.

And everything just flows, o-oh

Like a mid summer's light breeze blows.

I didn't have to try.

Too hard, on the boulevard

Too hard, on the boulevard

(Didn't have to try)

Too hard, on the boulevard

Too hard, on the boulevard

Chasing the velvet skyline

Spinning time on a little lie

We didn't need to die young love

We had faces to live the fuck

Too bad I'll never get to see you so far

So here we are

Found, and lost...

But everything just flows o-oh

Like a mid summer's light breeze blows

And everything just flows o-oh

Like a mid summer's light breeze blows

I didn't have to try

(Too hard)

On the boulevard

(Too hard)

On the boulevard

(Didn't have to try)

Too hard

On the boulevard

Too hard

On the boulevard...

(I didn't have to try)

No I didn't have to try.

And everything just flows o-oh

Like a mid summer's light breeze blows

And everything just flows o-oh

Like a mid summer's light breeze blows

I didn't have to try

Too hard on the boulevard

Too hard on the (didn't have to try)

Too hard on the boulevard

Too hard on the boulevard, boulevard, boulevard boulevard...
