System Shit

I won?t cover your eyes
I want your innocence
Glisten before me in a cold sweat
I want you to see your lie
Spill on me, spill on me
Manifested as a primitive cravin'
The craving' never seems to go away
I want to see the face of everyone fall
Fall into the cold embrace of death
You?re in my nightmare
I decide when it stops
It?s my fuckin' drug
Makes my rush intensify
Hardcore the overdose
Your fear gets me high
Unbound, I?m the weapon made to sterilize
Sterilize all the idiot victims
Anytime, anywhere, anyone I want
Everyone?s addicted to this torture
I?m the agony in every breath
Every breath brings you closer to me
You?ll do anything, anything
You?ll do anything to make it stop
You?re in my nightmare
I decide when it stops
It?s my fuckin' drug
Makes my rush intensify
Chaos deep inside it makes me
It makes me feel surreal

It makes me need to kill
It makes me feel surreal
It makes me need to kill
Do you want to feel eternity?
Your eternity lies within me
I am the terror of your final breath
Your final breath brings light to my darkness
Like an act of fuckin' God unleashed
On the innocence, innocence of mankind

You?ll do anything, anything
You?ll do anything to make me stop
It?s my fuckin' drug
Makes my rush intensify
Hardcore fuckin' overdose
Your fear gets me of like fuck
It makes me feel surreal
It makes me need to kill
It makes me feel surreal
It makes me need to kill
It makes me feel surreal
It makes me need to kill
It makes me feel surreal
It makes me need to kill
It makes me feel surreal
It makes me need to kill
It makes me feel surreal
It makes me need to kill
