

Trouble Is My Middle Name

Bobby Vinton

Hello little girl, goodbye little girl
I'm not your kind of guy, little girl
I'll only make you cry, little girlTrouble
(Trouble, trouble, trouble, trouble)
Is my middle nameEach kiss little girl, is sweet little girl
They sweep me off my feet, little girl
But no more must our lips meet, little girlTrouble
(Trouble, trouble, trouble, trouble)
Is my middle nameI'm just a born wanderer, driftin' by one day
Each place that I've been, heartbreak moved in
So I'll move on my wayIn time little girl, you'll find little girl
I've been really kind, little girl
Not changing your name to mine, little girlTrouble
(Trouble, trouble, trouble, trouble)
Is my middle nameNot changing your name to mine, little girlTrouble
(Trouble, trouble, trouble, trouble)
Is my middle nameOh, trouble
(Trouble, trouble, trouble, trouble)
Is my middle nameYes, trouble
(Trouble, trouble, trouble, trouble)
Is my middle name
