

# Never Let It Go

## Mushroomhead

No I'll Never Ever Let It Go  
Caressing The Downfall  
Out Stretched Arms  
On Your Knees Crawl  
Filthy And Feeling Low  
Dancing In The Undertow  
The Cut That Always Bleeds  
But Never Shows  
Everyone Crawls To Someone  
Some Run  
To The Puppeteer  
And Volunteer  
To Become One  
But Who Pulls The Strings  
That You Are Attached To  
Who Pours The Gas  
That You Are The Match To?

Strive For Perfection  
And Strike With Precision  
Soon It Blows Up In Your Face  
And The Smoke Blurs Your Vision  
But Now You're Fading Fast  
Maybe Your Time Has Passed  
Bound And Gagged  
As Your Dragged To The Typecast  
Jumping Back  
And Forth And Forth And Back  
Once More Oblivious  
To What It Is I'm Looking For  
Goodbye But I Cannot Forget It  
No I'll Never Ever Let It Go
