

In the Arms of Love

[Andy Williams](#)

If I could hold you in the arms of love tonight
I'd never let you go
As the hours go by I'd show you why we've waited for this
As two lovers whisper low
If I could feel that magic kiss your lips invite
Imagine the joys I'd knowThe day has died away, let's find a hideaway
And share the promise of a new tomorrow
In the arms of love tonightThe day has died away, let's find a hideaway
And share the promise of a new tomorrow
In the arms of love tonightHmm, hmm, hmm, hmm
Hmm, hmm, hmm, hmm
