Take A Little Time

Gary Moore

I know the reason
You turn your back
On things that you don't wanna hear
I know this feelin'
I get from you
When you try to act so sincereBut I don't know
What's making you behave this way
I'm gonna go
You never hear a word I say
You better learn toTake a little time
To show me that you care for me
Take a little time
To show me you're still there for meI know the danger
You're holding all the cards
Because you think I'll wait
You're like a stranger
You better show your hand
Before it gets too lateBut I don't know
What's making you behave this way
I'm gonna go
I might as well just walk away
If you don't learn toTake a little time
To show me that you care for me
You gotta take a little time
To show me you're still there for me
You better take a little time
To show me what's been going on
It's been like this for much too long
Take a little timeDon't hand me all these lines
My eyes are open wide now
Don't give me all your lies
I'm gettin' much too wise for you
Take a little time
YeahBut I don't know
What's making you behave this way
You never hear a word I say
I might as well just walk away
If you don't learn toTake a little time
To show me that you care for me

You better take a little time
To show me you're still there for me
You gotta take a little time
To show me what's been going on
It's been like this for much too long
Take a little time
You gotta take a little timeI'm tellin' you
You gotta take a little
Take a little time
Take a little time
Take a little
Take a little timeYou gotta take a little
Take a little
You gotta take a little
Take a little timeI'm tellin' you
Take a little
Take a little timeTake a little
Take a little time
