

Believe

Mainstay

I don't know if I still have the strength to get up again

I don't know if I can face my own reflection

Jesus, take this heart that feels so cold again

And make it newI hold this hope inside that You'll never leave meWhen all around me starts to fall

And when my faith it seems so small

Even in my darkest hour, I will believeI don't know how I could turn my back and walk away

All I really want is for Your love to hold me

Jesus, take this heart and make it whole againI know You'll never leave meWhen all around me starts to fall

And when my faith it seems so small

Even in my darkest hour, I will believeEven if the sun begins to fall

Even when I feel nothing at all

Even if I'm all alone, I will believe

I believe, I believe, I believeWhen all around me starts to fall

And when my faith it seems so small

Even in my darkest hourWhen all around me starts to fall

And when my faith it seems so small

Even in my darkest hour, I will believeEven if the sun begins to fall

Even when I feel nothing at all

Even if I'm all alone, I will believe

I believe, I believe, I believe

Even if I'm all alone, I will believe
