

Gypsy Queen (Take 3)

Van Morrison

Dance on gypsy queen
If it's all night, it's alright
Rave on
Let your love come tumblin' down
If you let your love come tumblin' down
It's alright Dance on (you know it's alright)
Gypsy queen
Dance on (you know it's alright)
Gypsy queen Rave on
Laughin' at the summer moon
Don't stop your carburetor
Let your car run
And if it starts to rain
Keep on dancin' in the rain
And if it's all night, it's alright Dance on (you know it's alright)
Gypsy queen
Dance on (you know it's alright)
Gypsy queen Ooo-la-la-la-la-la-la-la-la
Dance, dance, dance the night away
Ooo-la-la-la-la-la-la-la-la
Come on, come on, come on
Let me hear you say You're gonna dance on gypsy queen
Stars shine down on you
Yeah, everything alright
Ooo-wee
I want to throw my arms around you
I'm so glad I've found you, Gypsy Queen Dance on (you know it's alright)
Gypsy queen
Dance on (you know it's alright)
Gypsy queen Everything (dance on) is
(You know it's alright)
Everything is (alright) (Dance on) everything is alright
(You know it's alright)
Keep on dancin'
(Dance on)
(You know it's alright)
