

Hey You

Angel Grant

I've been watchin' you a while
Your walk, your talk, even your smile
Keepin' my attention focused just on you
I wonder if you're here alone
Or if you have a girl at home
Tell me I just wanna know
Then you turned around
And gestured to your boys
Like you were rollin' out
So I said Hey you, hey you, hey you
I don't know your name
But I'd really like to know
Hey you, hey you, hey you
I don't know your name
But wouldn't you like to go Somewhere to grab a bite to eat
So we can talk in privacy
And learn a bit about your personality
The huntress captured by the game
Cause my intensions weren't the same
No I'm not tryin' to take you home
So as you walk out
Say your name again
It's so hard to pronounce
So I said Hey you, hey you, hey you
I don't know your name
But I'd really like to know
Hey you, hey you, hey you
I don't know your name
But wouldn't you like to go Out to see a movie
I think that that would be real groovy
I know I'm sounding kinda loony
Cause that's what I like
Cause I like people watchin'
Here I go again
I see something I like
So I say Hey you, hey you, hey you
I don't know your name
But I'd really like to know
Hey you, hey you, hey you

I don't know your name
But wouldn't you like to go
