Buffalo!

Megosh

We don't belong here in this house.
The doors are sealed.
It's not for sale
We've been squatting here too long
All my friends are passing by
Just to get their high
As lethargic as they be
They'll never leave.

Burning books for fires
Next to open bottles and broken glass
Splicing all of the wires
Collecting copper from all the baths.
In a smoke filled room
We waste our time
Calloused and bruised
You put your hand in mine
YOUR HAND IN MINE!!!

We don't belong here in this house
The doors are sealed
It's not for sale
We've been squatting here too long
All my friends are passing by
Just to get their high.
As lethargic as they be
They'll never leave

Always, always
We will have eachother. (x3)

Always, always.
