

Superman (featuring Bucie) (Du

Black Coffee

You know
I've been hurt so many times
it got to a point when I decided
 I can't do this anymore
 I need someone to hold me
 i need someone that needs me
 i needs someone that loves me
 can you be my superman
 will you be my superman
superman, superman, superman, superman
you know we don't have to be traumatic, just romantic
do all the little things(the little things, little things, little things)that excites me
 as your woman
give me a kiss goodnight, over the phone, when you working late, when you out of town
 tell me how much need it
 cause we deserve it
 we can be together
 can you be my superman
when I think of you, you make me smile
and I can't help but hope that this would work
 I feel like you were made for me
 your just... too perfect
the funny thing is... I just can't control myself
 I never that I could with anyone else
 until you came into my life
 and you showed me there is love
AND I THINK I LOVE YOU... that's too soon
 superman
