

# Otherwhere

## Lunatic Soul

I am becoming  
In the realm of unknown  
Beyond unending  
Time  
Space  
And form I was buried for rebirth  
Casting off the old  
Born into the spirit  
From within I come Escape from sorrow  
No beginning  
No end  
Return to whiteness  
The new loneliness I was buried for rebirth  
Casting off the old  
Born into the spirit  
From within I come
