

Midnight In Paris

Jordan Mackampa

Would you come home with me tonight
Or is that too much to want for you
Might start a body language conversation
Please forgive me if that sounds quite rude

But Iâ€™ll admit Iâ€™m a bit intoxicated
Time is precious so letâ€™s not go and waste this
Iâ€™d like to put my hand exactly where your waist is
So our lips could be adjacent

â€˜Cause itâ€™s midnight in Paris and the moon is in full effect babe
The Eiffel tower lights a sparkle on your dress babe
The night is young and weâ€™ve only started talking but
I like your face Iâ€™d hope to see this in the morning

â€˜Cause itâ€™s midnight in Paris and the moon is in full effect
The Eiffel tower lights a sparkle on your dress babe
The night is young and weâ€™ve only started talking but
I like your face Iâ€™d hope to see this in the morning

â€˜Cause itâ€™s midnight in Paris
Midnight in Paris babe
Midnight in Paris
Midnight in Paris babe
Midnight in Paris
Ohhhhh

Letâ€™s talk a walk down the shores(?) alleys and weâ€™ll
Get some lunch yeah a hideaway cafe
Thereâ€™s so many things to do, so many things to see
But Iâ€™m better here with you â€˜cause thereâ€™s no place that Iâ€™d rather be

The city of love
The evening skylights are our pathway
Itâ€™s 12 oâ€™ clock on the dot so I guess now that
We have to take this convo back to my place

Cause itâ€™s midnight in Paris and the moon is in full effect
The Eiffel tower lights a sparkle on your dress
The night is young and weâ€™ve only started talking but

I like your face Iâ€™d hope to see this in the morning (x2)

â€™Cause itâ€™s midnight in Paris

Midnight in Paris babe

Midnight in Paris

Midnight in Paris babe

Midnight in Paris

Oh guess thereâ€™s one thing left to say

Voulez vous coucher avec moi câ€™est soir (x4)

Oooo
