

Till I Get There

Terri Clark

There's a place I'm going to
Where I'll be over you
And I'm gonna go till I get there
Long as the road don't run out
Long as my heart don't let me down
I'll keep the wheels turnin' 'round
Till I get there I don't know when, I don't know how
But I'm findin' my freedom
And that's somewhere I've never gone
So through these tears, I see now
It's gonna take leavin'
For me to know where I belong There's a place I'm going to
Where I'll be over you
And I'm gonna go till I get there
Long as the road don't run out
Long as my heart don't let me down
I'll keep the wheels turnin' 'round
Till I get there It's just beyond the edge of my sorrow
(Ooh)
I'll turn the key and I'll be on my way
With the help of my old friend tomorrow
(Ooh)
I'm gonna put a million miles on yesterday
