No Validation

Jacquees

Ooh, mm, mhmm
Yeah
OG ParkerMake up your mind, I ain't the type to blow up your line
Look at me, it's a star in your eyes
All this water she gon' drown on sight
Sometimes I try, to put you on this pimpin' baby
No, I can't lie
Cause you my best decision baby
So lets, romance, yo stance, on me
Take off, yo pants, cancel yo plans
I understand, you want a man
To be ya friend, you need this chance
Feel like you need some validation,
I got a plan, cause you're more than that
No better situation, girl you all for that, and I 'magine that
Feel you need some validation
While I'm grippin', your waist, we move to your place (come on)
No better situation, girl I'll be your escape, come and swing my wayYou think niggas full of lies, and you think
I'ma prove you right
I know baby, you're a blessing
Don't even know how yo sex is, and I don't even question it
She don't do relationships, nobody got outcha
Nobody sought cha, shawty stay inside without cha
Shawty know I'm ballin' outcha
The money steady callin' outcha
We ain't never fallen' outcha
We ain't even saw it all yet
So lets, romance, yo stance, on me
Take off, yo pants, cancel yo plans
I understand, you want a man
To be ya friend, you need this chance
Feel like you need some validation,
I got a plan, cause you're more than that
No better situation, girl you all for that, and I 'magine that
Feel you need some validation
While I'm grippin', your waist, we move to your place
No better situation,
girl I'll be your escape, come and swing my way (yeah)
