

# Step By Step

Jesse Winchester

Step by step  
All the happy Saints go marching in  
And if one of those Saints step out of line  
He'll have to start again  
Cause Jacob's golden ladder  
Get's slippery at the top  
And many a happy-go-lucky saint  
Has made that long long drop If I'm late don't wait  
Go on without me  
I may tarry awhile  
Cause I need to know  
Before I go  
How come the Devil smiles If I'm late don't wait  
Go on without me  
I may tarry awhile  
Cause I need to know  
Before I go  
How come the Devil smiles Free from care  
Free from sin  
The Saints are trooping in  
The children play all around the throne  
Innocent of sin  
A trillion voices sing the name  
The mortals may not know  
And Heaven's walls are too high to hear  
The trouble down below If I'm late don't wait  
Go on without me  
I may tarry awhile  
Cause I need to know  
Before I go  
How come the Devil smiles  
I need to know  
Before I go  
How come the Devil smiles  
I need to know  
Before I go  
How come the Devil smiles
