Sitten back

blowin big an it must be a dream

the black monk funk has arrived on the scene

95 world-wide crises

so wet in at the temple

livin off the erbs and the spices

secrets kept..none to be

took from me

for when my eyes open i rub the buddha tummy

not to be too funny..really tho

if ya curious

cuz the buddah nature way ya livin so serious

5 with my tribe alll..ways piece and love

it's the 3 to the 2 to the levels up above

no emotion when drama get hectic

cuz i rather die fore i get disrespected

so what would you do

im so very true

to the blac monk funk pump up mokey see monkey do

and if monkey do

shiat monkey must die

question whyyy
my buddah nature reply is

(Chorus)
whyyy...highhh
It aint nathan but that buddah nature
whyyy...highhh
though we do it that wayyy

I wanna know
whyyy...highhh
It aint nathan but that buddah nature
whyyy...highhh
though we do it that wayyy

"sup Awol"

(Awol)
Let's take a walk through the valley
undaneath the sun
smokin on some buddah
give ya game like a fatha gives to his son
ive just begun
so what will be the outcome
when you go crazy for the drum
yo here i come
a harvest for yo love like the ozzz leaves
but still im aggrivated like a monkey
and still funky
pin the tail on the donkey
blac as in monk
so you fools can't fuck me
so lets continue cuz theres more on the menu
open up yo mind
let me get through you
cuz i can sooth you
just like the buddah
so stop with your watchin
unless you
really true to us
theres only one that takes your life plus ya spirit
brothas can you feel me
can you hear it
smokin on the buddah
grown by motha nature

piece, love, and hapiness to you playa hatas
and for you traders
thats ready to attack
you better have more than just a gun for yo back
cuz here comes the wind
Awol is his name
and knowlege and the wisdom is the fame that i gain
buddah nature

(Chorus)
whyyy...highhh
It aint nathan but that buddah nature
whyyy...highhh
though we do it that wayyy

I wanna know
whyyy...highhh
It aint nathan but that buddah nature
whyyy...highhh
though we do it that wayyy

"D.....AAAA"

(DA)
Don't you know i drop funk that could spread wide across the planet Earth's face
powerful and pure like my buddah vase
got it by my second sight in mind i see the unseen
secrets of the hidden temple appeared to me in dreams
so drop the track and get the prozac
if i comense the check up
my skull n cross bones make ya back up
and crack up
as ya go crazy for the rythms of my junglistic "vibe"
decendin from the "tribe"
of the Blac Monk clan
I Stand
rugged ghetto born black man
child of the water from a hostile land
born to teach and preech like a true inivator
bearin the knowlege and wisdom of my creator
the time is now black and now im back
G DA has been gone for too long and i yern to see
for my eyes have been closed
my words mistaken so watch out

the sleepy eyes awaken with the buddah nature

(Chorus)

whyyy...highhh

It aint nathan but that buddah nature

whyyy...highhh

though we do it that wayyy

I wanna know

whyyy...highhh

It aint nathan but that buddah nature

whyyy...highhh

though we do it that wayyy
