

# Homage (Remix)

[Paul van Dyk](#)

I'll drown you in kisses  
I know I miss so many magic memories  
When I'm away from you I miss your touch, I miss your voice  
I miss the way we unlock, the secrets through each other  
There's only you I could love forever(Chorus)  
That's why I'm so lonely in a crowd  
And all I think about is coming home to you  
It's pother stuff and dreams, how we hunger for our time  
I could never get enough of your sweet loveI know I miss so many magical moment  
When I'm away from you I miss your touch, I miss your voice  
I miss the way we unlock, the secrets through each other  
There's only you I could love forever[Chorus]
