Say You'll Be Mine

Kitty, Daisy & Lewis

Say you'll be mineBaby I was hypnotized
When I looked into your eyes
Saw the love I'd been waiting for
Couldn't help but fantasize
'Bout a world where you and I
Stay together forever moreDon't hesitate
'Cos I can't control my feelings
Just can't wait
Now I know where this is leadingBaby please, this heart's on the line
Don't waste this precious time
Say you'll be mine
It's not hard to do
Just tell me you feel it too
Baby it's time
Say you'll be mineTook a spark to start the fire
Fan the flame of my desire
Turn the light on my destiny
And it took me by surprise
All the love I felt inside
Now I know it was meant to beAnd step by step
I can feel how close we're getting
Can't stop yet
'Cos I know where this is headingBaby please, this heart's on the line
Don't waste this precious time
Say you'll be mine
It's not hard to do
Just tell me you feel it too
Baby it's time
Say you'll be mine
Baby it's time
Say you'll be mineSay it
All you gotta do is say it
Just say it
You're the one I've been waiting for
Say it
All you gotta do is say it
Just say itBaby please, this heart's on the line
Don't waste this precious time
Say you'll be mine

It's not hard to do
Just tell me you feel it too
Baby it's time
Say you'll be mineSay it
Say you'll be mine
Say it
Say you'll be mine
Say it
Say you'll be mine
Baby it's time
Say you'll be mineBaby please, this heart's on the line
Don't waste this precious time
Say you'll be mine
It's not hard to do
Just tell me you feel it too
Baby it's time
Say you'll be mine
Baby it's time
Say you'll be mine
