

# Blossoms in the Springtime

**Hank Snow**

When I see blossoms in the springtime  
I know that sweetheart time is here  
My love that blossoms in the springtime  
Blooms in my heart through all the year. I love the blossoms in the springtime  
Kissed by the sunshine and the rain  
I love to hold you oh my darling  
When kisses bloom in sweetheart's lane.--- Instrumental --- Sometimes a spark of love may smoulder  
Never to flame all winter long  
Then like the blossoms in the springtime  
Burst with the first red robin's song.
