

So Fine

Mario Winans

Oh baby
Oh, oh
Oh yeah, yeah, yeah You were there all the time
A perfect picture playing in my mind
Could you be so kind
As to let me up in your life? I wanna show you
The way it's meant to be
I gotta hold you
So close and dear to me, yeah I'll do what's necessary
I gotta have you with me
'Cause it ain't hard to see Baby you so fine
And I hope that you could be all mine
The finest thing I've ever seen so fine
And oh I pray that you would be all mine
'Cause baby you so fine baby I never thought I'd feel this way
I think about you each and everyday
I hope that it's okay
I'll be your lover man any day I wanna show you
The way it's meant to be
I gotta hold you
So close and dear to me, yeah I'll do what's necessary
I gotta have you with me
'Cause it ain't hard to see Baby you so fine
And I hope that you would be all mine
The finest thing I've ever seen so fine
Oh and I pray that you would be all mine
Baby you so fine The clothes you wear
The way you style your hair
It drives me crazy baby
Girl you know it's true I'm the one for you
You look so good to me You're so fine, so fine
Baby I hope that you would be all mine
The finest thing I've ever seen so fine
Oh and I pray that you would be all mine
Baby you so fine baby You're so fine and I know it you're so fine
You're so fine and I know it you're so fine
You're so fine and I know it you're so fine
You're so fine baby won't you be mine, yeah
