Change My Way

LeMarvin

My girlfriend found out about a girlfriend
my something on the side
and I cant even lie
I can't lie no
she tripping
and now shes got me sipping
my something on the side
gotta change my way of life
I'm changing my way
Girl I never forget that day
or the look upon your face
couldn't find the words to say
no explanation
for the emails in my phone
never meant to do you wrong
you can hear it in my tone
my desperation
baby don't walk away
I made a mistake
girl I put that on my mumma
you mean everything to me
girl hear me out
I can't live without you by my side
fellas heres a story about
My girlfriend found out about a girlfriend
my something on the side
and I can't even lie
I can't lie no
she tripping
and now shes got me sipping
my something on the side
gota change my way of life
I'm changing my ways
She was packing up all her things
from her jeans to her g-strings
she was really leaving me
so I got down on one knee
I gave her every excuse in the book
and every line I was sure?

she was going
and I was calling out to my baby
baby dont walk away
I made a mistake
girl I put that on my mumma
you mean everything to me
girl hear me out
im nothing without you by my side
fellas heres a story about...
My girlfriend found out about a girlfriend
my something on the side
and I can't even lie
I can't lie no
she tripping
and now shes got me sipping
my something on the side
gota change my way of life
I'm changing my ways
Baby dont walk away
I made a mistake
girl I put that on my mumma
you mean everything to me
girl hear me out
I'm nothing without you by my side
fellas heres a story about...
My girlfriend found out about a girlfriend
my something on the side
and I can't even lie
I can't lie no
she tripping
and now shes got me sipping
my something on the side
gotta change my way of life
I'm changing my ways
My girlfriend found out about a girlfriend
my something on the side
and I can't even lie
I can't lie no
she tripping
and now shes got me sipping
my something on the side
gotta change my way of life
I'm changing my ways
