In Your Name

Living Colour

We've got missiles and tanks
We've got bombs and planes
We've got plans and people
And we do it in your name
We've got our anger and rage
To send you back from where you came
We are hurting you to heal you
And we're doin' it in your name
We've got missiles and tanks
We've got bombs and planes
We've got plans and people
And we do it in your name
We're the righteous and true
You're the unholy, profane
We are fighting for your freedom

And we do it in your name
We've got missiles and tanks
We've got bombs and planes
We've got plans and people
And we do it in your name, yeah
We are the victims of privilege
You're the one to blame
We hate you, you hate us
We all feel the same
We've got missiles and tanks
We've got bombs and planes
We've got plans and people
And we do it in your name, yeah
