

Army of Me

Chimaira

You can't understand I still have a lot to say
To you, a fortune nothing has left no time or place
My life , upon my life there will always be lies
No more, I won't believe in this hypocrisy You are, parasitic bottom feeder
All you maggots you're one in the same, you all make me sick
Guilty, especially you who justify your rational lives
Killing, you're killing in the name of God almighty Cowards and crooks
Surrounded by liars, killers and haters
Cowards and crooks
Surrounded by liars, killers and haters Cowards and crooks
Surrounded by liars, killers and haters
Cowards and crooks
I'm surrounded by filth Army of me, it lives in us all
Army of me, it will avenge me
Army of me, it lives in us all
Army of me, it will avenge me It will avenge me Cowards and crooks
Surrounded by liars, killers and haters
Cowards and crooks
Surrounded by liars, killers and haters Cowards and crooks
Surrounded by liars, killers and haters
Cowards and crooks
I'm surrounded by filth Army of me, it lives in us all
Army of me, it will avenge me
Army of me, it lives in us all
Army of me, it will avenge me
