

# Last Chance (feat. JRDN)

Alyssa Reid

(Verse)

And I pray

The storm's gonna fade

Eventually(Verse)

And I know

I know I should've stayed

But I was weak(Pre-Chorus)

Even if the walls come down don't ask

Even if we're left out in the air

As long as you are standing next to me

(Don't leave me alone)(Chorus - part 1)

Last chance, the lights are all turned low

Last dance on the radio

Too fast, I feel like you're alone

All alone(Chorus - part 2)

Turn back before it gets too late

Last chance, a simple twist of fate

Too fast, I feel like you're alone

All alone(Verse)

Will you be there?

If I begin to tell

At the scenes(Verse)

Cause I know

I know I need you here

Next to me(Pre-Chorus)

Even if the walls come down don't ask

Even if we're left out in the air

As long as you are standing next to me

(Don't leave me alone)(Chorus - part 1)

Last chance, the lights are all turned low

Last dance on the radio

Too fast, I feel like I'm alone

All alone(Chorus - part 2)

Turn back before it gets too late

Last chance, a simple twist of fate

Too fast, you feel like you're alone

All alone(Bridge)

If I ever just cross your mind

Would you say you love me?

I don't know how to fall  
If I ever just change your mind  
Turn around and when you cross them by  
You and I(Chorus - part 1)  
The lights are all turned low  
On the radio  
Too fast, I feel like I'm alone  
All alone(Chorus - part 2)  
Turn back before it gets too late  
Last chance, a simple twist of fate  
Too fast, you feel like you're alone  
All aloneAll alone  
All alone
