Intercourse With The Vampyre LyricsCome inside my love and join me
I'm your worst nightmare
Thrill my cool flesh with kisses
Ooh just right there!
I can feel your heart a-thumping
Your blood, your soul, my body pumpingCome and taste the bitter fruit
I will drain you of your juice
Let the straining serpent loose
Put your head into my nooseCome and kneel, boy, before me
Kiss my sacred altar
Come to me like a ram
To the slaughter
Feel my poisoned sting
Tonight I'll spread my wingsCome and taste the bitter fruit
I will drain you of your juice
Let the straining serpent loose
Put your head into my nooseI've been left in misery but then how can I refuse
What have i got to lose?
Take my blood,take my juice!Come and taste the bitter fruit
I will drain you of your juice
Let the straining serpent loose
Put your head into my nooseCome and taste the bitter fruit
I will drain you of your juice
Let the straining serpent loose
Put your head into my noose
