Dreamland

HammerFall

See the light of those who find
As time pass you by, you're still left behind
Time has come for you to see
That life is a game, you'd rather play or flee
The ivory gates cast shadows, might betray
Surrender this night or choose my way, hey aaa hey
(Hey)Come with me, I'll take you there to the land of make believe
Let us fly beyond our dreams, fall into reverie
On the wings of destiny I will claim our liberty
With the power of the steel
With the power of the steel
With the power of the steel, dreamland will revealAll you see is black or white
You have to spell out what is wrong or right
Spoken words may have let you down
It's time to stand up, rise with the sun unn unn
You enter the gates and there's nothing left to fear
But don't let the matter stand, you're nearCome with me, I'll take you there to the land of make believe
Let us fly beyond our dreams, fall into reverie
On the wings of destiny, I will claim our liberty
With the power of the steel
With the power of the steel
With the power of the steel, dreamland will revealLet me know if you wanna go, there's a place for you and me
Let me take you to the temple of your heart, let me knowYou enter the gates and there's nothing left to fear
But don't let the matter stand, you're nearCome with me, I'll take you there to the land of make believe
Let us fly beyond our dreams, fall into reverie
On the wings of destiny, I will claim our liberty
With the power of the steel
With the power of the steel
With the power of the steel, dreamland will reveal
