Incredible

Madonna

Just one of those things when everything goes incredible
And all is beautiful
(Ca-ca-can't get my head around it, I need to think about it
Can't get my head around it, I-I need to think about it)
And one of those things that used to get you down
Now have no effect at all, 'cause life is beautiful
(Ca-ca-can't get my head around it, I need to think about it
Can't get my head around it, I-I need to think about it)
Remembering the very first time
You caught that someone's specials eye
And all of your care dropped and all of the world just stopped
(I hope)
I want to go back to then, got to figure out how, got to remember when
I felt it, it thrilled me, I want it to fill me
Just one of those things when everything goes incredible
And all is beautiful
(Ca-ca-can't get my head around it, I need to think about it
Can't get my head around it, I-I need to think about it)
And one of those things that used to get you down
Now have no effect at all, 'cause life is beautiful
(Ca-ca-can't get my head around it, I need to think about it
Can't get my head around it, I-I need to think about it)
You don't know what you got 'til it's gone
And everything in life just goes wrong
Feels like nobody's listening and something is missing
(I hope)
I want to go back to then, got to figure out how, got to remember when
I felt it, it thrilled me, I want it to fill me
Just one of those things when everything goes incredible
And all is beautiful
(Ca-ca-can't get my head around it, I need to think about it
Can't get my head around it, I-I need to think about it)
And one of those things that used to get you down
Now have no effect at all, 'cause life is beautiful
(Ca-ca-can't get my head around it, I need to think about it
Can't get my head around it, I-I need to think about it)
I remember when you were the one, you were my friend
You gave me life, you were the sun, you taught me things I didn't run
I fell to my knees, I didn't know why

I started to breathe, I wanted to cry
I need a reminder so I can relate
I need to go back there before it's too late
It's time to get your hands up
It's time to get your body groovin'
It's time to get your hands up
It's time to get your body groovin'
It's time to get your hands up
It's time to get your body groovin'
It's time to get your hands up
It's time to get your body groovin'
Just one of those things when everything goes incredible
And all is beautiful
(Ca-ca-can't get my head around it, I need to think about it
Can't get my head around it, I-I need to think about it)
And one of those things that used to get you down
Now have no effect at all, 'cause life is beautiful
(Ca-ca-can't get my head around it, I need to think about it
Can't get my head around it, I-I need to think about it)
Incredible, let's finish what we started
Incredible, you're welcome to my party
I don't want this to end, I am missing my best friend
It was incredible, there is no reason, sex with you is ah
Incredible
(Hey girl, ooh oh)
Let's finish what we started
(Let's finish where we started, girl)
Incredible
(Hey girl, ooh oh)
You're welcome to my party
(I'm coming to your party, girl)
Don't want this thing to end, I am missing my best friend
Yes, it was incredible, there's no reason to pretend
Incredible
It's time to get your body movin'
It's time to put your hands up
It's time to get your body movin'
It's time to put your hands up
It's incredible, unbelievable
It's incredible, unachievable
It's incredible, metaphysical
It's incredible, sex with you is, ah
Incredible, let's finish what we started
Incredible, you're welcome to my party
(I'm coming to your party, girl)

Incredible, let's finish what we started
Incredible, you're welcome to my party
(I'm coming to your party, girl)
Incredible
(Hey girl, ooh oh)
Let's finish what we started
(Let's finish where we started, girl)
Incredible
(Hey girl, ooh oh)
You're welcome to my party
(I'm coming to your party, girl)
Hey girl, ooh oh
Let's finish where we started, girl
Hey girl, ooh oh
