

# The New Day

Greta Van Fleet

Let the new day shine its light on me  
Shake the old way, nights too dark to see  
Free tomorrow, it's bright with something new  
Believe the righteous, and it will come true  
You're a child in the garden  
You're growing up I'll watch you bloom  
And your dreams are not forgotten  
You'll be a woman soon  
Love isn't greed it's a need that goes unspoken  
Love doesn't leave when you fade away  
Pain isn't vain if it means your heart's been broken  
Pain is the same as a means to heal  
Let me try love, you know I'm only one  
Live or die love, I tried and to me won  
We're the future, it's hard to say we know  
And the suture is what we have to sew  
You are a child in the garden  
You're growing up I'll watch you bloom  
And your dreams are not forgotten  
You'll be a woman soon  
Love isn't greed it's a need that goes unspoken  
Love doesn't leave when you fade away  
Pain isn't vain if it means your heart's been broken  
Pain is the same as means to heal  
Love doesn't fade away  
Love doesn't fade away
