Nobody

Five for Fighting

Take off your shoes, take off yourself

Take off your rented mental health

Take off your raincoat settle down

Take off your nightmare and your frownThere is a place for you

To go to see another ringer in a rock show

Take my pretense for a time 'cause I want to say to youI'm nobody, I'm nobody, I'm nobody, I'm nobody Without you, buddy you buddy my long lost friendIf you're not here to hear me scream

Am I silent like a dream

Where all the dragons are my friends

Each night we meet our bitter endsDo I need you to make me real

Like wheeler spinning his own wheel

Quantum strings within my brain

Popping sanities insaneI'm nobody and I'm nobody see I'm nobody, I'm nobody

Without you, buddy you buddy my long lost friendNot everybody has a brain not everybody's going sane

Not everybody wishes well not everybody's heaven's hell

Sometimes there's someone to blame

Sometimes a place for shameSometimes good's better than bad

Sometimes good's better than bad

Sometimes good's better than bad

Sometimes you're better than me wellHeaven fell on herself tonight as the devil met me in the wishing well

And in that moment I found myself knowing

That in the end it's just about you and me

Nothing smaller or larger though dragons are good for the soul

Nothing can be better than baring yourself for anotherOpen for scrutiny, ridicule, and indulgence

There in lies the balls, and the mind, and the heart

As fear is truly the mind killer when nothing is left

Everything is gained you see I wish I was a poetBut I know as we go round and round

Though endings are never ever happy

It's the happy moments along the way

That in the end make it okay You see I'm nobody, I'm nobody, I'm nobody

Yeah, I'm nobody, I'm nobody without you

Without you, oh oh oh oh
