

Come Out Fighting (Pennywise cover)

The Vandals

Voices! You're letting voices tell you what to do
When you yourself don't know.
Voices! You got one too, so let it out
And let us know when you're feeling all alone.
Well I know, there are times when
You're feeling close to the ground
And there's times when you may feel
There's no place to call home
And there's times when your best friend
Just seems so far away
And there's times when
The only end in sight is the end
You've got to come out fighting!
Come out fighting!
Come out fighting!
Don't let it get you down. Problems! I've got em too
But keeping them inside is not the thing to do.
Problems! You've got to face hang-ups head-on,
Before you know they're hangin' you.
You've got to come out fighting!
Come out fighting!
Come out fighting!
All alone yes all alone.
Loneliness, it is something we all know.
Woooh all alone, yes all alone.
Been there before so please believe me
Cause I know.
Woooooooooooooh. Sorry to say to your dismay
Your life is not the only one that you affect.
Don't you realize that a part of all of us
Will die inside when you yourself are dead?
You've got to come out fighting!
Come out fighting!
Come out fighting!
Come out fighting!
Warning you, warning you, warning me.
