

Tear Me Down

STASH

Verse 1

I don't care

what they say about me

live my life the way I wanna lead

even if ya think that you've had enough
keep doin what you who am i to judge

lifes to short to hold a grudge
so what I made a mistake once or twice
it really doesn't mean it defines my life
cause i'ma keep on tryin long as im alive

And i'll be right here singin likeHook

Hey nobody gonna tear me down
don't tear me down no

Hey

turn it up and scream out loud

don't tear me down nodon't don't tear me down

hey don't tear me down

don't dont tear me down

hey don't tear me down

turn it up and scream out loud

don't tear me down noVerse 2

I belong just like anyone else

what you do isn't bad for my health

live and learn

thats how i live my life

who are you to say it's not rightRap 2

I'm alot stronger than you think i am

I'ma keep runnin shit cause u said I cant

nobody hold me down like puff and mase

I'ma keep on movin let me show you the way

everybody always think that they know whats up

but keep it to yourself cause ive had enough

true to my soul to the afterlife

And i'll be right here singin likebridgekeep believe you'll be something

the road to easy ain't worth nothing

pick yourself up if you fall you got to risk it allif you gonna fall down

you better get back up
let everybody know
