I Need You

Jack's Mannequin

I need you
I need so much
I need you
Get me out of this place
I need you
With the lightning this close I can see
That so much in this world is make believe
And this ticking clock isn't for me
And still nobody knew I need you
I need you
In my blacker days
I need you
With the walls coming down I need you
Through this hole in my chest I can feel
That so much is this world isn't real
And there's some things that you cannot steal
Tell me what can I do?
I need you

And the sun would rise
In the Jasmine skies
And I'm lying awake in your bed
Sometimes I don't remember
Why can't I forget her?
I need you
I need you
There's so much in this world that is true
No not much I'm not willing to do
I cannot be without you
I need you
I need you
I need you (x7)
