

# We Ain't Leavin' Carolina

## Too Much Sylvia

We ain't leaving Carolina. Carolina is our home!  
If you think we're gonna leave Carolina  
you might as well leave us alone.  
You can go and hear a live band every night of the week.  
You can play that Carolina Sound and party right out in the street.  
Take a shag at Fat Harrel's, Go across the street to Duck's.  
You might even stop at Deckerz or the arcade dance to close it up.  
We ain't leaving Carolina. Carolina is our home!  
If you think we're gonna leave Carolina  
You might as well leave us alone.  
Nothing could be finer.  
We will dance night and day, put on some red sunglasses  
and we know when it's time to play.  
Carolina girls got the rhythm  
We got the best barbecue in the state  
When the Yankees start to like it, they wind up licking their plate.  
We ain't leaving Carolina, Carolina is our home!!  
Home sweet home, Nothing could be finer!!
