

# Mine is Gold

## State Champs

Wait just a little bit longer  
Before you stab me in the back and walk away  
'Cause I've grown a little bit stronger  
And now you're choking on those deadly words you ate  
I can't wait to watch you fall  
Like the castle you built on sand I won't let you live my life from inside my head now  
Let you out, it's hard to pretend how  
On, and on, and on it goes  
Your heart is black and mine is gold  
Make my way to places I'm bound for  
Don't you say that you wanted this more  
On, and on, and on it goes  
Your heart is black and mine is gold  
Take all the time that you asked for  
'Cause I can see the lack of energy in your eyes  
I'm walking out through the back door  
'Cause there's no point to waste away these days inside  
I'm learning how you're burning down  
All the bridges you built by hand I won't let you live my life from inside my head now  
Let you out, it's hard to pretend how  
On, and on, and on it goes  
Your heart is black and mine is gold  
Make my way to places I'm bound for  
Don't you say that you wanted this more  
On, and on, and on it goes  
Your heart is black and mine is gold  
I won't let you live my life from inside my head now  
Let you out, it's hard to pretend how  
On, and on, and on it goes  
Your heart is black and mine is gold  
Make my way to places I'm bound for  
Don't you say that you wanted this more  
On, and on, and on it goes  
Your heart is black and mine is gold
